

PRIYAM KUMAR JHA

A dedicated and motivated BCA student seeking an internship opportunity to apply theoretical knowledge in practical settings, contributing to the growth of a dynamic organization while gaining valuable industry experience. I'm an aspiring learner of Information technology. I am currently a student .I am very fortunate to get into IT. I had no prior experience, some certifications, and had little projects to teach myself some fundamentals. Luckily, I was able to get my foot in the door, and I plan to make the most of it.
